## About

# MARIE MICHELSEN

Marie's designs are always a successful mix of commercial feeling and originality. For every project, she thinks carefully about whether the materials and shapes chosen are viable for production and commercialisation because, as she says herself, she does not want to be an elitist designer.

La Mère, the first ceramic tableware line of Marie Michielssen, is a loving ode to the (grand-)mother figure and women in general. By embracing eating together as a moment that connects people, the collection reflects the often intuitive roles women have fulfilled in family life through the generations. The tableware looks slightly nostalgic but is, in many ways,

innovative because of its vertical structure. Each shape is unique and hand-moulded. All pieces are finished with a glaze in broken white or a warm dark brown, almost black. As a third contrasting colour, Marie chose a bold Venetian red. The designer consciously chose these colours to create a mix & match of white with dark brown or red with dark brown. On some plates, Marie painted two different, universal women's faces. The emphasis is on the eyes - the mirrors of the soul - and the hands - tools to create. The proceeds of these plates go to a good cause.

ANN

VAN HOEY

## About

# ANN VAN HOEY

Ann Van Hoey has been designing tableware in bone china for Serax for over 10 years. The design process for her Nido tableware started with a fairly mathematical approach, which has defined her style over the years. The porcelain tableware is complemented by 4 simple glasses that share the same shapes as the cups. Ann made wooden trays in walnut to present the porcelain forms optimally, inspired by Japan.

With Nido, Ann Van Hoey designed playful, contemporary tableware in the tradition of high-quality bone china tableware, accompanied by much craftsmanship. By combining different patterns, a fresh collection has been created, all of which fit wonderfully together and form a beautiful whole.

## About

# ANITA LE GRELLE

"I have five children. When my last child left home a few years ago to study in England, I suddenly had heaps of time, and for the first time I could focus entirely on my work." The energetic Anita Le Grelle spends up to twelve hours a day in her studio. There, she translates her immense creativity into, among other things, her Terres de rêves line for Serax. In natural shades that reference the earth, sky, and ocean, she continues to expand her dream world. Starting from something that she lacks, or as a creative protest against everyday objects that she simply does not find sufficiently attractive or useful, Anita Le Grelle brings ceramics to life. The refined

appearance and the different layers of glaze characterise the entire line. The energetic Anita Le Grelle spends up to twelve hours a day in her studio. ## About

# PASCALE NAESSENS

After five intensive years as an international fashion model, Pascale Naessens returned to Belgium, where she began a career in Belgian television, and not only translated her passion for health and cooking into diplomas both for health consultancy and as a restaurateur, she also wrote a series of cookery books. Today, Pascale is one of the best-selling culinary authors in Belgium. Pascale became fascinated with ceramic pottery. She then embarked on her own studies with ceramic for

several years and attended numerous courses on ceramics, glazing and firing techniques. She created ceramic tableware in her own workshop and then took her prototypes to Serax. This collaboration resulted in the 'Pure' ceramic tableware line. Her fascination for ceramics is a natural complement to her cookbooks, the common theme being Pure. Because seeking to live a worthwhile and pure life is the basis of Pascale Naessens' world.

## About

# VINCENT VAN DUYSEN

Vincent Van Duysen (1962) is one of Belgium's most acclaimed architects, interior designers, and product designers. After studying architecture at Sint-Lucas in Ghent, he gained a few years' experience with major players such as Aldo Civuc and Jean de Meulder. In 1990, he launched his own studio in Antwerp, where today, a team of more than 20 architects and designers helps to promote his vision. A vision that stems from an unbridled curiosity, focussing on the creation of an all-embracing atmosphere. Environment, architecture, interior, and design objects, everything is completely intertwined. His

style builds on purism and a sophisticated use of materials. Timeless designs, reduced to their very essence. Respecting tradition, he translates antique and vintage art and architecture into the design language we understand today. The emphasis is always on aesthetics, comfort and convenience. His designs steer clear of trends. They never clamour for attention, they simply stand out naturally for their simplicity and tranquillity. This is not only reflected in his designs for international companies such as B&B Italia, Poliform, Molteni&C, Paola Lenti, and Viccarbe, but also in his Passe-partout collection for Serax.

# SERAX

BETRAND

LEJOLY

# COSE

Cose is a collection of accessories that can by no means be pinned down to the bathroom. The bowls, jars and soap dispenser can be used equally in the kitchen, to serve the aperitif, or as storage containers. The rounded lines fit perfectly into the simple and refined design language of the

Belgian designer, Bertrand Lejoly. The craftsmanship involved in the manufacture of these porcelain objects in off-white and off-black also ensures that Cose looks unique and certainly not sterile.

## About

# MERCI

Merci is a magical place located in the heart of the historic Parisian district of Haut-Marais. Founded in 2009 by Bernard and Marie-France Cohen, it is more than a fashion store, more than a concept store, it is a place where people can meet to have a drink or meal at one of the cosy catering facilities while they are shopping for the latest fashion or designer objects for their homes. With Merci, the French word for thank you, Bernard and Marie-France Cohen wanted to express their gratitude to life, to say thanks to all the creative talents that have made their success possible. Therefore, Merci has also offered

a platform to numerous young designers who are looking for a way to introduce their work to the public. After all, success enables generosity. This generosity is yet again reflected in the fact that, from the very beginning, the founders of Merci decided that part of the profits would be used to finance an endowment fund to finance education and development projects in southwestern Madagascar. And with that, their final 'merci' goes to all their customers who make this project possible.

# PERFECT IMPERFECTION

This porcelain range is a symbol of innovation in several ways. It is the first time a collection is produced in which imperfection, defectiveness and coincidence are given the chance to play their part during the production process.

Hence the name, the Perfect Imperfection. The collection is modular, the ratios are proportional, and all items are nicely attuned to one another.

# DESIRÉE

"Although I am a fan of white tableware, I wanted to add a touch of sweetness to Désirée in the form of a warm pink hue," explains top pastry chef Roger Van Damme. "The golden edge has to accentuate that luxurious sense of patisserie, without becoming kitsch." Désirée fits in with Van Damme's

big project for 2020: the opening of his new business of the same name, with which he lets a modern wind blow through Antwerp's icon, Désirée de Lille. "I didn't rely on existing tableware or styles but did my own thing completely, a fantastic experience."

GAUTIER

# LAT & URBANISTIC CERAMICS

With a distinct preference for simple shapes with rough concrete aspects, the quirky French designer Frédéric Gautier pays a tribute to architecture with his 'Urbanistic Ceramics'. The 'micro-architecture' of the plates, cups and teapots by Frédéric Gautier for Serax resonates to the echo

of masters such as Mies van der Rohe, Le Corbusier and Oscar Niemeyer. In a modernist perspective, the objects represent a kind of brutalism that emphasises the texture and imperfection of the material, rendering any form of embellishment redundant.

# DUSK

The clay itself - this soft, supple, fire clay - inspired designer Martine Keirsebilck to design a series of plates, bowls and dishes. The result: DUSK. A serving set with a deep charcoal

grey color. The color is unconventional and demands the user's creativity and inspiration.

PAOLA  
NAVONE

# TABLEWARE

**Fish&Fish** - With Fish&Fish, her tableware collection for Serax, the Italian designer Paola Navone draws admiring glances at once. Fish & Fish was inspired by the tastes and colours of her many travels and is based on the products made during the Great Depression in the 1930s. Accessible, solid and meticulously studied, this service collection will find its way to all possible tables. The platters, jars and bottles are made of pressed glass and available in Jadeite (green), Milk Glass (white) and Depression Glass (transparent).

**Table Nomade** - Paola Navone: "I have nomadic blood running through my veins, travelling is my second nature. With the curiosity of an anthropologist, I will go in search of everyday objects from different cultures and traditions. White, black, red, and indigo blue dominate the colour palette of the Table nomade collection for Serax. A collection of souvenirs, all of them telling their own story about their particular corner of the world."

BELA  
SILVA

# ETERNAL SNOW

Do you still remember those glass domes with a winter world inside, which you shook to make snowflakes whirl round? A touch of magic, encased in glass. It was this enchantment that caused designer Bela Silva to set about creating the glass collection Eternal Snow. She gave the four glasses, two tall and two low models, a playful touch by designing the foot and

chalice in an imperfect shape. The texture of Eternal Snow is smooth, although the glass was blown into an atypical shape. Playful bubbles are visible in the foot. The round shapes and soft colours (smoky grey for the foot and soft green for the chalice) are inspired by the colours of the night sky.
